🎓 Education

**Faculty of Computers and Information,
Mansoura University** 🔗

2022 – 2025 | El Mansura, Egypt

🏠 Organizations

**BIO CODE Mansoura University,
Social Media Volunteer** 🔗

2022 – 2024 | El Mansura, Egypt

- Collaborated with the marketing team to develop strategies for promoting events and workshops.
- Gained skills in digital marketing, content creation, and team collaboration.

I am a passionate front-end developer specializing in **React** and **Angular** with a strong foundation in **HTML**, **CSS**, and **JavaScript**. I am currently expanding my skill set to become a **full-stack developer** by learning Node.js. I have a keen interest in Puzzles, and e-commerce applications, and I thrive in collaborative environments where I can leverage my technical skills to create innovative solutions.

🧠 Skills

Web Development:

HTML , CSS , JavaScript

Web Development Tools:

React , Angular, Node.js

Databases:

MySQL, Mongo.DB

Tools:

Git, GitHub, Visual Studio Code

📁 Projects

Hue Color Puzzle Game With AI Solving 🔗

- Developed a color puzzle game using Pure HTML, CSS, and JavaScript.
- Implemented AI algorithms to solve puzzles, enhancing the user experience.
- Utilized Git and GitHub for version control and collaboration.

E-commerce Platform Project 🔗

Developed a seamless, user-friendly e-commerce platform featuring a broad product catalog, ranging from fashion to electronics. The platform allows users to:

- Browse best-selling products easily
- View detailed product descriptions
- Add items to their shopping cart for a streamlined checkout experience
- Enjoy secure payment integration
- Receive AI-powered personalized product recommendations
